Nashville.	N	43	Cloudy.

## THE CITY.

### Athletic Base Ball Club.

The Athletics, of Philadelphia, arrived in this city this morning, and are stopping at the Galt House.

### Personal.

Dr. N. Clute, a well-known citizen of Louisville in other years, with his wife, is now here on a brief visit. Dr. Clute now resides on the Hudson river, twenty miles below Albany, New York.

### More Cars.

A barge was brought across the river this morning, containing three box cars for the Green Line, Louisville and Nashville railroad, and three flat cars for the Elizabethtown and Paducah railroad.

### The Weather.

The weather reports show that it was clear in Havana to-day, with the mercury at 81, while it was 32 at Milwaukee—a difference of only 49 degrees. The mercury marks 41 here, with a heavy snow storm prevailing—the first of the season.

### The Board of Trade.

Call has been made at 10 o'clock this afternoon for a meeting of the Directors and finance committee of the Board of Trade, at its rooms on Third street. The purpose is to take into consideration various matters of great importance to the Board.

### The St. Louis Cathedral.

An initiatory meeting of the Catholic clergy and laymen was held in St. Louis on Saturday to consider the means by which a Cathedral can be built in that city. A fine lot has been donated by Mrs. Hunt, and several thousand dollars were raised during the meeting.

### Gross Earnings.

The earnings of the Louisville and Nashville Railroad and all its branches for the month of September, 1869, shows the following figures:

1869 (estimated)	\$279,823.43
1868 (actual)	\$201,083.69
Increase	78,739.74

Equal to 39 per cent.

### Seating Risk.

The rink will be open to-night for the public, and as the heating apparatus was put in yesterday, all who go may calculate on a delightful entertainment. Our own people give no evidence of losing interest in the performances at the rink, and for the strangers among us they will have a great attraction.

### Fire.

The alarm about 3 1/2 o'clock yesterday afternoon was occasioned by a fire breaking out on the roof of a residence, on Chestnut street, between Center and Sixth, supposed to have caught from a spark. The damage was very slight, as the flames were extinguished without the assistance of the engines, which arrived promptly.

### Louisville Opera House.

The house was crowded last night, as expected, Mr. Owens appearing as Mr. Dove in Married Life, and as Solon Shingle. It is needless to add that he performed his part to perfection, and was well sustained by the company. This evening he will appear as Dr. Pangloss, in the Heir at Law, and in the farce of Forty Winks.

### Snow.

This morning opened with a raw north-west wind, and before ten o'clock a cold drizzling rain began to fall. About eleven this changed to mixed sleet and rain, and by noon the first regular snow of the season began to fall, slowly and dubiously, as if afraid to venture to the ground, then changed to a regular gale, driving the white flakes in fury.

### Davenport Brothers.

These wonderful performers will appear to-night at Weisiger Hall, and no doubt before a crowded house. Their entertainments are certainly very marvellous, very wonderful, and have excited the wonder and applause of thousands everywhere. They have just returned from a tour through Europe, where their entertainments excited a great furor.

### The Virginia Senators.

The caucus of the Conservatives of the Virginia Legislature was held yesterday, and Messrs. J. B. Lewis and J. W. Johnston, were selected for U. S. Senators. This is equivalent to an election. They were Union men during the war, and it is believed, will be acceptable to Grant and the Congress. Otherwise, they certainly will not be permitted to take their seats.

### Masonic Grand Lodge.

At the session, last night, over three hundred delegates were in attendance, and to members of the order the meeting was of great interest. Grand Master E. S. Fitch delivered a very able address; the treasurers of the Grand Lodge and of the Masonic Temple Company made reports, which were referred to the Finance Committee; the finances of the Grand Lodge are in a very flourishing condition.

## Tragedy in the County.

A bloody affair occurred in the upper end of this county last Friday night, or Saturday morning before day, at or near Conn's Mills, on Floyd's Fork. Two young men, Harry Taylor and a Mr. Griffin, were playing cards in the house of a negro, Anthony Carpenter—Larkin White and John Dickinson, both negroes, also being in the room. In the course of the game, a quarrel arose between Taylor and Griffin, which resulted in the killing of Griffin by Taylor. The latter fled and has not yet been arrested. Justice J. N. McMichael held an inquest, at which the following statements were made: The negro Dickinson said that, after some words, Taylor struck Griffin while he was pulling off his coat; then they clinched, Griffin backing Taylor into a corner, and then the latter struck, but the witness did not see any knife. White's testimony was much the same, except that he believed Griffin struck the first blow; that after Taylor was backed into the corner, he was held in a squatting position against the wall. Carpenter testified similarly, and the jury returned a verdict of death at the hands of Taylor.

### Base Ball Match.

The renowned Athletics, of Philadelphia, play our own Kentucky club, at Cedar Hill Park, to-morrow. The Athletics are inferior scarcely to the Red Stockings, whom they met yesterday at Cincinnati. The play there, on both sides, was the finest ever seen in this country. For a long time it was doubtful which would be the victor, and although the Red Stockings were the winners, yet it was by the skin of their teeth. The Athletics were white-washed thrice, but in turn they white-washed their adversaries twice, and in another inning the Cincinnati club scored but one. The finest play made during the day was by the Athletics, who put out the batter and the second base at the same time. This elicited rounds of applause from the spectators, whose sympathies were of course with their own club. The score finally stood seventeen to fourteen. Ten thousand persons witnessed the game including upwards of a thousand ladies. The game to-morrow commences at 2 o'clock.

### Masonic Grand Lodge.

The Grand Lodge met this morning at 8 o'clock. About forty additional delegates reported themselves. The Grand Master announced the following standing committees: On Finance—Bros. Collins, Cowling and Rescoe. On Grievances—E. W. Turner, Wm. B. Hopper and Hoffman. On Returns—Bostwick, Adair, Harrison, Baker, Money, R. R. Tyler. On Lodges, U. D.—Pickett, Jacoby and Stalon. On Visitors—W. N. Howe, W. C. Miller and H. W. Hinton. On Unfinished Business—Gibney, Wash and Welsh. On Credentials—W. R. Davis, Hager and Tandy. On Education—Jeffries, Peterson and E. H. Black. On Foreign Correspondence—McCorkle, H. A. M. Henderson and Thomas Todd. On Masonic Jurisprudence—Swigert, Bassett and Rice. A large amount of business was transacted, and at 11 o'clock the Grand Lodge adjourned until 3 o'clock, to take part in the ceremonies of laying the corner stone of the Masonic Widows' and Orphans' Home.

### Death of Mr. Coleman.

The accident by which Mr. Coleman lost his life occurred about 7 1/2 o'clock yesterday morning, between Mt. Vernon and Broadhead station, about one hundred miles from the city. The remains arrived at 2 P. M. yesterday. Friends stopped the train at Kentucky street, had the body removed to Mr. King's coffin-rooms, and then to his late residence on Tenth street, between Chestnut and Magazine. The funeral will take place to-morrow. Mr. Coleman had been for about ten years in the employ of the Louisville and Nashville Railroad Company. It is stated that though in moderate circumstances his membership in the Railroad Conductors' Life Association will entitle his family to about \$2,600. It was noticed that on last Saturday he was suffering from weakness, his spine being affected, and it is supposed he must have been suffering when he fell between the cars.

### The Great Show.

The grand entrance, yesterday, into Louisville, of the combination shows, consisting of James Robinson's champion circus with Gardner & Kenyon's menagerie, attracted great attention, and immense crowds followed the interesting procession to the show ground. The attendance in the evening was very large and respectable in appearance. In the afternoon the little folks were well represented and highly pleased at being present during the wild beasts' lunch. Everybody was enthusiastic over the great rider, and Robinson rode in a style to deserve the cheers that he received throughout his performance. We have not space to give a detailed notice of the menagerie and circus exercises this afternoon, but call attention to the fact that there will be only three more exhibitions of the great combination—to-night and to-morrow afternoon and night.

### Young Men's Christian Association.

The rooms of the Young Men's Christian Association were much fuller last night than they have been of late, and considerable interest was manifested. The lecture committee reported that arrangements had been made for four of the lecturers for the season—among others John B. Gough will deliver two. It is proposed to hold a festival during Thanksgiving week, only a month off. A general meeting of the members and friends of the Association will be held in about two weeks, at which, it is reported, Mr. H. Thane Miller, of Cincinnati, will deliver an address.

## Invitation from Manager Bates to the Athletic Base Ball Club.

The following correspondence between Manager Bates, of the Louisville Opera House, and the Athletic Base Ball Club explains itself:

MANAGER'S OFFICE, LOT. OPERA HOUSE, October 19, 1869.

To the Members of the Athletic B. B. C.:

GENTLEMEN: I have the honor of inviting you to visit the Opera House this evening, on behalf of Mr. J. E. Owens and myself. Trusting you will accept the invitation, I am,

Yours respectfully,

HENRY C. BATES, Manager.

GALT HOUSE, October 19, 1869.

Harry C. Bates and John E. Owens:

GENTLEMEN—Your kind invitation is at hand, and in reply will state the Athletic Base Ball Club, of Philadelphia, will take great pleasure in accepting your proffered kindness, and will visit the Opera House this evening. Allow me to subscribe, on behalf of the Athletic Club,

Yours very respectfully,

E. H. HAYBURST,

Chairman Managing Committee.

### Curstone Lodger.

Wm. O'Neill was picked out of the gutter on the corner of Ninth and Madison streets last night, about half past seven o'clock, by Officers Coulter and Kremer. He was perfectly stupefied with drink, and presented a most dilapidated appearance. When found his clothes were saturated with grease, and gave forth a most offensive odor. Whether it was the greasy contents of the gutter or the vast quantity of "fuss oil" which he had thrown himself outside of, and which was seeking an outlet through the pores of his skin that caused this appearance we know not. In the City Court this morning he was charged three dollars by the city for the bed furnished, and was bound in one hundred dollars not to turn himself into a soap factory again within thirty days.

### Union Prayer Meeting.

The daily union prayer meeting in the Young Men's Christian Association rooms will be held to-morrow morning at nine o'clock, and at the same hour every day during the week. The special subject of prayer will be for a revival of religion in our city, and for blessings upon the churches and upon the efforts of the Young Men's Christian Association to strengthen the churches. Ladies and gentlemen of all ages, members of all churches, and those who are not church members are invited and urged to be present.

### Value of a Pig.

Mr. John Shelley had a pig, weighing some 250 pounds. Mr. Jacob Markriter had a yard, which, from an unfurnished gate or some other opening, admitted the pig upon his premises. A woman in M's employ shot the pig, and Mrs. M. struck it with an axe, killing it. Shelley sued before Justice White for the value of the pig, and the evidence being as above stated, judgment was given in \$25 and costs against Markriter. It is not supposed that this judgment will settle the value hogs on foot for the pork men.

### Drowned.

The General Bell arrived from Cincinnati before day this morning. Among the deck-hands was a negro, name unknown, who shipped on this trip to work his way down. In coming off the boat, in the dark, he missed his footing and fell into the river between the gang-way and the dock used by wagons. He must have sunk immediately, as nothing was seen of him afterwards. Water was about twelve feet deep. It is not known whether he belonged in this city or not. The body had not been recovered when our reporter left the wharf-boat.

### Disturbance at a Ball.

The Southern Club gave an entertainment in the small hall of the Weisiger building last night, at which a disturbance took place about 2 o'clock. Some one of the young men in attendance had been drinking too freely, and became quite boisterous. Upon being remonstrated with by the officers, he drew a pistol and threatened to kill any one who attempted his arrest. After considerable scuffling, he was secured and put in jail. For the sake of the young man's family we do not mention names.

### Addition to Our Manufactures.

It is said that the advantages of this city as a manufacturing point have so favorably impressed Mr. Deter, a large boot and shoe manufacturer of Cincinnati, that he is now in the city looking for a suitable location, proposing to move his establishment to this point. He employs a force of between two and three hundred hands, and his coming will be quite an addition. It will also be instrumental in bringing others among us.

### Benzene Abroad.

William Haslenon's system was "lit up" with so much "benzene" yesterday that he pretty near caused the combustion of a coal cart, on Market street, between First and Brook. He was arrested by Officer Fritch, and as Judge Craig thought it was the province of the gas company to attend to such matters, William was requested to contribute five dollars to the coke department of that institution.

### The Baroness DeRiviere.

This lady, who is now prosecuting the notorious Baron DeRiviere, in New York, is a Cincinnati woman, by the name of Adaline Stille. As she is acquainted with Louis Napoleon and Fisk, Jr., it is clear she is a hard case.

### Holiday Books and Gifts.

Scott, Glor, Third and Jefferson streets, is in receipt of a large stock of books and variety goods for the holidays. Articles of rare beauty and suitable for presents, can be obtained there.

## RADICAL PAPER.

### New Daily in Kentucky.

General Croxton, chairman of the Republican State Committee of Kentucky, had interviews with the President yesterday, to lay before him a plan for starting a daily Republican paper at Louisville. The President expressed himself as warmly in favor of the project, and added that he hoped the office-holders in the State, appointed by himself, would take an active and earnest interest in its circulation.

### LOUISVILLE CITY COURT.

HON. E. S. CRAIG, JUDGE.

TUESDAY, October 19.

A. Gibson, negro, suspected felon; bond in \$1,000 required to keep the peace 12 months.

Wm. O'Neil, drunkenness; fined \$3 and \$100 for 30 days.

Wm. Hartman, drunk and disorderly; fined \$5 and bond in \$100 for 30 days.

Jno. Shumaker and Wm. Andrews, drunk and disorderly conduct; discharged.

Yetter, abuser of family; continued until Thursday and Yetter held in \$500 bond to appear.

Whitfield Slater, drunkenness and disorderly conduct; discharged.

Louis Suizen, cutting Louis Herald with intent to kill; discharged.

Mary Barr on the David Bergen with intent to kill; continued until Friday.

Ben, Fred and Jacob Sharline, cutting Pat. Cain with intent to kill; continued until Friday.

Mary Jewell, stealing \$14 from Hane Buttes; continued until to-morrow morning.

### THE GENERAL COUNCIL.

Proceedings of the Meeting Last Night.

Any Amount of Claims and Contract—Acceptance of Ordinance.

The Council met at 8 o'clock last evening.

The Mayor submitted a claim of \$644.00 for repairs on East Main street, which was allowed.

A claim of \$100 for work done on the 10-pipe extension, was allowed.

A claim of J. B. Montgomery, of \$1,500 for carpenter's work on the Hospital, was allowed.

A claim of \$100 for work done on the 10-pipe extension, was allowed.

A claim of \$100 for work done on the 10-pipe extension, was allowed.

A claim of \$100 for work done on the 10-pipe extension, was allowed.

LOUISVILLE,  
TUESDAY OCTOBER 19, 1869.

## The Yergor Case.

Contrary to the expectations of all the lawyers and all the people assembled in the United States Court-room yesterday to hear it, there was no opinion rendered in the Yergor case. It was generally understood that the decision of the court would then be made known, and indeed it had been virtually announced by the court that such would be the fact. For some reason, however, the court did not make known the decision it had arrived at, and the bar and the audience were disappointed.

The Radicals are evidently of the opinion that the court will, in this case, decide against the revolutionary measures by which they have been guided since the rebellion broke out. They understand that the court is decided on the Yergor question in proportion of three to five. It is said that Grier, Swaine and Miller are for the jurisdiction of the court in the Yergor case, and that the other five judges are against it. How this opinion as to the status of the court is arrived at we know not, but it is so understood.

If the Judges of the Supreme Court do stand five for and three against the jurisdiction in the Yergor case, the effect of their decision will be to declare unconstitutional the reconstruction acts which have caused so much trouble in the land. And hence the Radicals are crying out in horror against the anticipated decision of the Court. The Washington Chronicle has been wishing that Congress were in session, to provide against the anticipated decision of the Supreme Court. In other words, the Chronicle and its revolutionary adherents would reconstruct the Supreme Court, just as they have reconstructed States. They have already made Congress the supreme power in the land. The co-ordinate powers of the Executive and Judiciary provided for by the Constitution have been swept away by the Legislative. Congress has ruled with the rod of a despot, and has smitten down the Executive and Judiciary departments of the government whenever they stood in the way of its revolutionary measures.

It was the intention of our fathers when the Constitution was formed, that the Legislative, Executive and Judicial Departments of the government should act independent of one another. In no other way could they be said to be co-ordinate departments of a common government. Congress has to make laws, the President has to execute them, and the Judges of the Supreme Court were to decide whether the laws were according to the provisions of the Constitution or against them. And with their distinctive features the government did work and work well until the Radicals got into power at the breaking out of our late rebellion. So soon as these fanatics got firm hold upon the reins of government Congress at once assumed supreme power and set at defiance the co-ordinate authority of the Executive and the Judiciary departments—Congress became the whole government, Executive, Judiciary, and Legislative.

It seems, however, that after being so long defied and set at naught by revolutionary legislation, the Supreme Court is inclined to assert its prerogative in the governmental action. The judges seem inclined to pass an opinion upon the laws that Congress makes. They have not dared to do this in times past, but now and hereafter they may. The Yergor case will test their nerve and pluck, as well as their honesty. If they decide that the case of Yergor is properly before them, then away goes the reconstruction acts which have been the curse of our unhappy country. To release Yergor from the military tribunal which now incarcerates him and proposes to shoot him with muskets, and turn him over to the civil courts, which will try him by a jury, and hang him if found guilty, is to declare unconstitutional the reconstruction acts under which Yergor was seized, imprisoned and tried by a court martial. That is the question before the United States court and none other.

We are among those who hope, for the sake of the hallowed memories which cluster around the Supreme Court, that it will, by its decision, free Yergor from the clutches of the military court. Yergor is a citizen, and under the Constitution, is entitled to be judged by twelve of his peers, as to his guilt or innocence of any crime with which he may be charged. If to do him justice the Supreme Court have to annul the reconstruction acts let it be done no matter what the consequences may be. True the next Congress in the fertility of resources for evil and usurpation may pass other laws no less odious than the reconstruction acts, but that is not our business. The Supreme Court can only deal with false legislation as it comes to it; and when Congress prepares other infamous acts the Judges can deal with the miscreants as they come up. We hope that the position of the court upon the Yergor case has been truly anticipated, and that on Monday next, the highest court of law in the land will hand over the prisoner to the civil tribunals. If in a civil court he is tried, convicted and hung, we shall not say one word in opposition; but if he is condemned and shot by a court martial, his blood will, in our humble

opinion, be upon the Judges of the Supreme Court of the United States, who thus suffer him to be victimized by an act of Congress, which is a vile mockery of law, justice and good government.

## A New Manufacture.

The Commissioner of the General Land Office has received samples of artificial Ultramarine, manufactured from kaolin at the manufactories in St. Louis, Mo. The ingredients required for the manufacture of this valuable pigment are kaolin, sulphur, wood charcoal, sulphate of soda and carbonate of soda. By raising this mixture to a certain degree of temperature, the blue color is obtained. Ultramarine has been obtained heretofore from a rather rare mineral, "the native Ultramarine," also called "lazulite," "lapis lazuli," and "zeolite blue." It consists, in 100 parts, of silica, 45.10; alumina, 31.67; soda, 9.09; lime, 3.52; sulphuric acid, 5.89; sulphur, 0.95; iron, 0.52; chlorine, 0.42; and water, 0.12. The finest specimens of Ultramarine are used as precious stones, and the old masters, Raphael, Guido and others, paid enormous prices for the pulverized stone. At the present time at least twenty million pounds are made annually, the price of which is so reduced that it is used even in the laundry. The process of making artificial Ultramarine was discovered by Professor Gmelin in 1822. Its manufacture is still confined chiefly to Europe, large quantities being yearly imported; but there can be no doubt that from this source in this country, owing to the excellent quality of kaolin found in many places in the United States.

A VERY interesting point has been decided in San Francisco by Judge Sawyer. A Chinaman named Ah Hing was summoned as a witness in a case under trial, when counsel on the other side objected to the admission of his evidence on the ground that the statutes of the State excluded all Chinese from giving testimony against a citizen. After an able argument by Mr. Lloyd against this position, Judge Sawyer decided that though the State law did exclude Chinese testimony, yet that the fourteenth Constitutional amendment, "which overrides all State laws, confers the right to testify in protection of life and property." Under the State laws a Chinaman might undergo any wrong at the hands of a citizen without being able to give evidence against him. "Was it to be argued," asked Judge Sawyer, "that if two Chinamen were walking along, and a white man comes up and slays one of the Chinamen, that the other is to be precluded from giving his testimony?" That was precisely the view taken by a Police Judge in San Francisco recently. Judge Sawyer ordered the examination of Ah Hing to be proceeded with, and saved the Californians from the scandal which their own laws are calculated to produce.

THE CLEVELAND HERALD (Radical) commenting on the action of the Louisville Commercial Convention on the subject of immigration to the South, remarks: "The people of that section recognize their folly in shutting out for so many years the fertilizing stream of European immigration, and are busy attempting to break down the dyke they had reared with such labor and watched with so much care. They are devising ways and means to ditch and trench so as to divert a portion of the stream southwards, and thus secure some of the benefits its steady flow has conferred upon the North. It will be slow work, for the steady set of the current in one direction has so deepened the channel that harder work with less results for years than marked the 'Dutch Gap' canal" experiment of Butler may be expected.

But the experiment is worth trying, for if the South is ever to be the equal of the North in material prosperity and population it will be by the influx of fresh blood, and by the substitution of Northern ideas for those which have so long kept the South behind the age in material prosperity and general intelligence."

## The Memphis and El Paso Railroad.

This road, which is the route to the Pacific endorsed by the Commercial Convention, is making headway. The mission of Gen. Fremont to Europe in behalf of this enterprise seems to have met with considerable, if not complete, success. It is asserted positively that the funds required to build the road as far as the Brazos river have been obtained; and the extent of the company's plan of immediate operations may be inferred from the statement that arrangements have been made in Europe to put actual settlers upon each tract of land the company may acquire by its stock. The Jeffersonville Times and Republican says:

We have been shown all the late correspondence and telegrams, and taking these with the information derived from a personal interview with Capt. J. M. Daniels, we are assured not only of the success of the Memphis and El Paso railroad as a great national enterprise, but that the great and important work will be soon commenced upon a scale as gigantic as that which pushed the Northern road to the Pacific. We are satisfied the company has abundance of means; that no private enterprise has ever originated in this country which was prepared to wield so large a capital and to exhibit such energy.

A Mr. BOWERS, of Harrisonville, Cass county, Missouri, was arrested and charged with abducting and murdering a young lady, and tried before a Justice of the Peace. While the trial was going on, the young lady appeared before the Justice, but he refused to take her evidence whether she had been killed or not, and committed Bowers for murder. Bowers was discharged on a writ of habeas corpus.

MONOGRAM vails are now the latest wrinkle among New York fashionable young ladies. Those of fawn color and gray are most in vogue—the monogram being embroidered in colors in the center. At Chateau Thierry, France, a man endeavored to commit suicide by crucifying himself. When discovered, his two feet and one hand were nailed to the wood, and the other hand pierced.

## CITY ITEMS.

"One More in the Field."  
H. H. Neal, the well-known clothier and gents' furnishing dealer, has just returned from New York, where he has just purchased a new and complete stock of beavers, cloths, cassimeres and vestings for merchant tailoring, all the very latest styles. Also, the stock of gents' furnishing goods is rare and in endless variety. He will resume his old business at Trade Palace, opening with a full stock today, October 18th, and would most respectfully solicit the patronage of his old customers and as many new ones as may honor him with a call. The salesmen are all polite and attentive gentlemen, and will take pleasure in showing goods, whether you purchase or not. All custom work will be guaranteed to give entire satisfaction. Mr. Charles Hummer, the popular and experienced cutter formerly with Henry Deppen, late of J. L. Anderson, has been engaged to take charge of the custom department. He is regarded as one of the best cutters in the country. oct18

The Secret of Beauty  
Lies in the use of Hagan's Magnolia Balm for the complexion.  
Roughness, redness, blotches, sunburn, freckles and tan disappear where it is applied, and a beautiful complexion of pure, satiny whiteness is obtained. The pleasant features are made to glow with healthful bloom and youthful beauty.  
Remember, Hagan's Magnolia Balm is the thing that produces these effects, and any lady can secure it for 75 cents at any of our stores.  
To preserve and dress the hair, use Lyon's Kathairon. oct20d1m

Billiards! Billiards!  
At Brunswick's Billiard Hall, just opened with ten of our new tables, corner of Third and Jefferson.  
CLEVELAND & BENSINGER, Proprietors. oct18

Walker's Tonic Bitters  
Advertise themselves. All that the people want to know is that they can be bought from all druggists and dealers generally.  
They "go for them," come for them, send for them, run for them, write for them, telegraph for them, and take them, satisfied they are the best tonic in the world.  
A. Steinau & Co., having bought out Jul. Wellman, 134 Third street, will continue the brokerage business as heretofore, where any amount of money can be obtained on collateral. Business strictly confidential. I also continue my broker's office, No. 135 Fourth street, between Jefferson and Green. A. STEINAU.

J. F. Griffin & Sons' Clothing House,  
Corner Market and First streets. Established thirty years. See advertisement in another column. oct21m

C. G. ST. CLAIR,  
Professor of Music.  
Instruction given on ORGAN, PIANO, VIOLIN, and in the cultivation of the VOICE.  
Communications to be addressed to the various music stores, or to  
oct21m 280 THIRD Street, Louisville.

GRASS, & Co., engraved to order. EXTRA STAMPING free. Visiting Cards printed from plate. A large assortment of the best French and American note paper always on hand at  
JEFFERSON STREET, bet. Third and Fourth. oct18-d1m

## SPECIAL NOTICES.

The Fall and its Dangers.  
Animal as well as vegetable life is powerfully affected by the great atmospheric change that takes place in the fall. But for the flowers, the foliage and the herbs of the field there is no help. Their time has come and die they must. It is otherwise with man. For him the means of reinvigoration have been provided by skill and science. To recruit his exhausted energies and fortify him against the disorders generated by the sudden depression of temperature and the unwholesome exhalations of autumn, let him tone his nervous system, invigorate his digestion and stomach to his appetite with HOSTETTER'S STOMACH BITTERS. He may then face the morbid influences of the season fearlessly. The chilling night dews and heavy morning mists will have no power to make him shiver and tremble. He will be able to disperse his stomach and his bowels, to rack his joints with rheumatism, or to render any latent element of disease in his system active and dangerous. To the sufferer from general debility, whether constitutional or arising from other causes, this potent vegetable specific is earnestly recommended. And let it be remembered that physical weakness opens the door to all maladies. Vigor is the chief defense of the human structure against all causes of disease, and Hostetter's Bitters may be truly pronounced the safest and surest of all invigorating tonics. It is the most genial of all vegetable tonics, and is admirably adapted to the wants and weaknesses of the more delicate sex, as well as to the ailments of men. oct18

MANHOOD  
And the Vigor of Youth restored in four weeks. Success guaranteed. Dr. RICHARD'S ESSENCE OF LIFE restores manly power, from whatever cause arising; the effects of early venereal diseases, indigestion, impotency and climate, give way at once to this wonderful medicine, if taken regularly according to the directions (which are very simple and require no restraint from business or pleasure); failure is impossible. Sold in bottles of \$5, or four quantities in one for \$20. To be had of the sole appointed agent in America, H. J. GRIFFIN, 152 Second street, Louisville, Ky. oct18

Philosophy of Marriage  
A New Course of Lectures, as delivered at the New York Museum of Anatomy, embracing the subjects: How to Live and What to Live for; Youth's Manners and their Aftermath; General Hygiene; The Cause of Indigestion; Flatulence and Nervous Diseases; Accidents; Marriage Philosophy; Indiscretions; etc. These lectures will be for-warded on receipt of four stamps by address: Secretary Museum of Anatomy, 74 West Baltimore street, Baltimore Md. oct19

A CARD.  
A Clergyman, while residing in South America as a missionary, was afflicted with a simple and easy remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Sexual Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this simple remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe or a sample of this medicine, in a sealed envelope, to any one who needs it. Free of Charge. Address: Station D, Bible House, N. Y. City. oct21m

BACHELOR'S HAIR DYE.  
This splendid Hair Dye is the best in the world; the only true and perfect dye; harmless, reliable, instantaneous and permanent; no ridiculous tints; remedies the ill-effects of bad dyes; invigorates and restores the hair soft and beautiful, BLACK or BROWN. Sold by all Druggists and Perfumers, and properly applied at Bachelor's Hair Factory, No. 16 Bond street. oct21m

Words of Cheer  
On the Relations of Youth and the Pollies of Age, in connection with MARRIAGE and SOCIAL LIFE, and a lively and interesting and profitable and entertaining. Sent in sealed letter envelope, free of charge. Address: HARVARD ASSOCIATION, Box P, Philadelphia, Pa. oct21m

Admission, 25c to 50c. Children and afternoons assemblies. Hall on Seventh between Walnut and Chestnut. oct17

WALKER'S TONIC BITTERS.  
THIS truly valuable medicine is gradually but surely winning its way into the household in the nation, and is confidently recommended for the Cure of  
Dyspepsy, Constipation,  
And every form of  
INDIGESTION, CHILLS, FEVERS,  
And all Diseases arising from  
TORDID LIVER.  
For Consumption and Chronic  
Coughs, Catarrh, Bronchitis  
and Debility.

From any Diseases, it is a safe, agreeable and reliable tonic. In all Kidney and Bladder troubles it will be found beneficial. My experience of Thirty Years enables me to select the purest and best Bourbon Whisky for this article, and to combine with it materials which form the most effective Tonic in the world.  
I do not pretend to place this medicine in competition with the quick nostrums of the day; a careful comparison will show that it possesses a richness and body which nothing but fine material can give, and which cannot be adulterated with mean liquor and cheap dyes.  
I have the privilege of referring to some of the principal Physicians in Kentucky, who, in their private and public practice, have used this article, and who can testify to its efficacy. Wholesale and Retail Dealers, General Agents,  
W. H. WALKER & CO.,  
253 Main street, bet. First and Second, Louisville, Ky. oct19

WASHINGTON.

No Decision Reached in the Yerger Case.

Congressional Intervention Necessary to Bolster Reconstruction.

The Political Guillotine Still Operating in Texas.

More Trouble Among Kentucky Office-seekers.

THE YERGER CASE.

WASHINGTON, Oct. 18.—The Supreme Court room was filled this morning with lawyers and others interested in the decision of the Yerger case, but the Court, contrary to the general expectation, and even to a special announcement, did not make any decision. The arguments were not concluded until Friday last, and the judges found it quite impossible to review them and make up the case. The decision, however, will be delivered by the Court on Monday next without further delay. The Republicans profess to know that it will be made adverse to the constitutionality of the reconstruction laws, and that the Judge will stand five to three, Grier, Swayne and Miller being against the jurisdiction of the court in the matter. This feeling is best illustrated by the Chronicle, which prays that Congress be in session and co-operate with the President to save the reconstruction of Virginia, Mississippi and Texas, and to put the Supreme Court in a position not to render migratory the laws, and to restore the revolted States to the Union.

A letter from Charleston, S. C., says the high estimates made in August of the cotton yield in that State have been a great deal reduced since the drought of last summer. A short crop from the up-country may be expected, owing to the rust by which it has been generally injured. In the middle portion of the State the yield will be larger, and upon the whole it is believed that the entire crop will be heavier than last year.

THE POLITICAL GUILLOTINE IN TEXAS.

Gen. Clark, the Republican candidate for Congress from the Fifth District of Texas, has succeeded in putting the guillotine in motion again for that State. Senator Wilson stopped the temper, but Ben Butler and Clark told the President that Wilson was a dough face and Grant said he did not believe in that class of men since the war.

THE KENTUCKY OFFICE-SEEKERS and office-holders continue to get into trouble. On Saturday Joseph S. Moore was appointed Collector of Internal Revenue for the Lexington district, and left for home with his commission in his pocket. To-day the President suspended the appointment of Moore and re-appointed Kelley, who had just been turned out. This sudden change was made because it was discovered that it was a mistake to have appointed Moore in the first place.

VIRGINIA SENATORIAL ELECTION. The Senatorial election comes on in Virginia to-morrow. It now appears probable that the result will be in favor of some old chances of the State. Gen. Williams' enemies are on the decline. The latter denies that he has left his duties in the War Department to declension in Virginia.

THE NEW CURRENCY.

WASHINGTON, Oct. 18.—The backs of the one and ten dollar bills to-morrow and the silver certificates to-morrow and the printing will be completed here, and the notes issued in ten days. The new five will be issued to-morrow.

IMPORTANT SUPREME COURT DECISION.

In the Supreme Court a decision was read by Justice Davis in the case of John S. McKee vs. the United States, a claim for cotton and other property captured at Alexandria, La. by the naval forces under Admiral Porter during the Red River expedition in the spring of '64. The claimant, who traded beyond the limits of the military authorities then in possession of the property, had been a distant relative of the claimant, and agent of the rebel treasury department for the purchase and sale of cotton.

The decision against the claimant is affirmed, the court holding that, under acts of Congress operating at the time of the seizure, the property was captured in violation of the law, and that the claimant was not entitled to recover. It was also held that the transaction was void and the claimant had never had any title to the property in question, because it had been purchased for an agent of the rebel Government. The appeal came from the Circuit Court for the Southern District of Illinois.

No. 155.—The Mayor, & Co. of Memphis and the Memphis and Gayoso Gas Company vs. Thompson Davis. This is an appeal from a decree of the Circuit Court for the District of West Tennessee. Dean is a citizen of New York, and states that he filed his bill in the court to restrain the city of Memphis from subscribing to the capital stock of the Memphis and Gayoso Gas Company, and to enjoin the latter company from manufacturing or selling gas in the city of Memphis. He alleged that the Memphis Gas Company, of which he was a large stockholder, had negotiated and refused to protect his rights by instituting the proper legal proceedings and claimed the right to use the name of the company for his own protection and the protection of his friends. The bill alleged that the city of Memphis had contracted with the complainant to supply exclusively the city with gas for twenty years, and had for a consideration granted the company exclusive use of the streets for the purpose of laying pipe, &c.; that in the face of this contract the city had resolved to submit to the corporate vote the question of subscribing for \$250,000 capital stock of the Memphis and Gayoso Gas Company, which would greatly reduce the value of complainant's interest. The court below rendered a decree in favor of the complainant, granting an injunction to the full extent prayed for. Justice Nelson delivered the opinion. The decree of the Circuit Court is reversed, the court holding, first, that under the rules of the Memphis Gas Company, which bound the complainant the same as other corporate bodies, the complainant had no standing in court on the merits. It is held there is nothing in the contract between the city and the complainant company that is in the least violated by the subscription of stock of the Memphis and Gayoso Gas Company, that all the complainant's claim of city is that the city sold all the gas of that company for a term of years and price agreed upon; that the laying of pipe in the street by the company, and the manufacture and sale of gas by the new company to the people of the city is not a violation of contract and can't be restrained. The case was remanded with directions to dismiss the bill.

RICHMOND.

Reassembling of the Virginia Legislature.—Causes Nominations for senators. RICHMOND, Va., Oct. 18.—The Legislature met to-day. In both houses a resolution was offered congratulating the country on the republican victories at the North. In the Senate it was laid on the table as being out of the province of the present Legislature, and the House adjourned without action on the resolution of Walker members of the Legislature closed after midnight having

EUROPE.

The Situation in Spain.

Unconditional Surrender of Valencia.

Plot to Destroy Madrid.

SPAIN.

SURRENDER OF VALENCIA. MADRID, Oct. 17.—The insurgents at Valencia after a battle yesterday, which lasted several hours, surrendered unconditionally. Their leaders have disappeared, but they are believed to be secreted in the city or in the vicinity. The Government forces now occupy the city. General Prim, by telegram, ordered the General commanding the troops before Valencia to attack the city, and yesterday morning the artillery opened a heavy fire on the rebel positions, producing much effect and causing great damage to property. The insurgents offered to surrender on condition of receiving their liberty, but this was refused. The assault was then continued with vigor until the surrender of the insurgents. General Canalejas reports that the insurrection has been completely suppressed, and that his troops now hold the entire city.

THE KILLED AND WOUNDED.

MADRID, Oct. 18.—The loss of life in the fighting which preceded the capture of Valencia was trifling. Of the National troops only two were killed and seven wounded. The losses of the insurgents are unknown. It has been ascertained that no tax-payer or householder of Valencia took part in the revolt. In many streets where barricades were erected or resistance offered to the advance of the troops the walls are marked "Here stood Valencia." The final attack would have been very early in the week and the troops not been obliged to wait for ammunition.

THE EFFECT.

The capture of Valencia had a tranquillizing effect all over the country. Official reports say that only a few of the remnants of the dispersed bands are now roaming through the provinces.

LARGE SALES OF COMBUSTIBLES.

MADRID, Oct. 18.—The retail druggists of the city have reported that the sales of their articles of targetine and other combustibles have been extraordinarily large. It is supposed that these articles are to be used for incendiaryism in case of a revolt.

FRANCE.

COUNCIL OF MINISTERS.

PARIS, Oct. 18.—A council of ministers met this evening at Campagne, the Emperor presiding, and held two sessions to-day. M. Drum De L'Hay has gone to Campagne to supply the place of Prince La Tour d'Auvergne, Minister of foreign affairs, whose continued illness prevents his attendance.

THE OPPOSITION DEPUTIES.

to the Corps Legislatif held a meeting, at which they drew up and signed a manifesto. They declare they won't go to the legislative chamber on the 29th inst., as has been proposed, because they don't wish to provoke a demonstration and imperil returning liberty, a pacific result of which is plainly becoming near, having commenced. They must not become the instrument of or furnish a pretext for disorder. The members of the opposition will await the meeting of the Corps Legislatif on the day to which it has been postponed by the Government, when they will demand to know the reason of this new wrong, and will steadily pursue the work of urging the democratic and radical demands of the country.

PERSONAL.

PARIS, Oct. 18.—Prince Gontchoukoff, of Russia, arrived in this city Saturday. Leopold, King of Belgium, has been invited to meet Napoleon at Campagne.

IT IS PROBABLE THAT MARSHAL BAZAINE WILL BE APPOINTED COMMANDER OF THE IMPERIAL GUARD.

ENGLAND.

GENERAL PRIM VIRTUALLY KING OF SPAIN.

LONDON, Oct. 18.—The Times has an article on General Prim. The writer admits that he is not a man of high character, but has depth and boundless ambition. He has the army in his hands and intends to keep it. As long as Spain is without a king none can trust him, and he is the only man in the country who can make good the good of his country. Prim is without a king none can trust him, and he is the only man in the country who can make good the good of his country. Prim is without a king none can trust him, and he is the only man in the country who can make good the good of his country.

SPAIN AS A REPUBLIC.

LONDON, Oct. 18.—The Fall Mail Gazette thinks the formation of a republic in Spain would be a step in the right direction, but adds—Spain has a long journey to make before she can become well instructed, civilized and prosperous.

WINTERSMITH.

WINTERSMITH'S

Concentrated Compound

FLUID

EXTRACT BUCHU

—AND—

Pareira Brava,

A Certain and Specific

REMEDY

—FOR—

Calculus Gravel, Non-retention or Incontinence of the Urine, Mucous Discharges, Diseases of the Prostate Gland, Inflammation of the Bladder, Gleet, Diabetes, and all Diseases of the Urinary Organs, whether existing in Male or Female.

Prepared with Great Care and Skill by One of the Most Eminent Chemists in the Country.

Superior to Any

PREPARATION OF BUCHU

Ever Offered to the Public.

This highly concentrated extract is carefully made by displacement, without the use of heat, from the best Buchu leaves, combined with Pareira Brava, Juniper Berries and Cabelas, and is offered to the public as a safe, sure and speedy cure for all derangements of the bladder, kidneys, &c.

The common method of extracting the properties of medicinal herbs, roots, &c., by heat, is now known in many cases to injure, if not entirely destroy, their efficacy. By careful displacement with the proper menstruum, I have avoided this error, and have here prepared an extract so concentrated that the dose, though small, contains more of the properties and virtues of the drugs than other preparations of the same kind on the market.

It contains all the virtues of the fresh Buchu leaves greatly increased in its efficacy by being combined with the other ingredients in such a way as to add greatly to its curative powers.

Its good effects are immediate, and the patient is encouraged to persist in its use in chronic cases until a cure is effected.

Wintersmith's Extract Buchu

IS A PREPARATION

Of Genuine Merit,

AND HAS

ALL THE VIRTUE CLAIMED FOR IT.

As a Diuretic it is Unrivalled, Cheaper in Price and Better in Quality than any Extract Buchu in the Market.
